It seems to me that a number of
the staff are often arriving late for
work. Once or twice and for
adequate reasons or to make up
for over-time is justifiable but
to arrive late continuously will not
be tolerated.

Please discuss with Asst. Chief Clerk
and issue necessary orders.

The A.D.C. has noticed that members
of the staff report for duty very
late. I have asked me to
administer a warning that members
of the staff must report for
duty in time and that disciplinary
action will be taken against
defaulters. The C.C. to supervise

CHIEF SECRETARY'S OFFICE,
JERUSALEM.

April, 1947.

GENERAL CIRCULAR No. 34.

I am directed to inform you that in the interests of maintaining uniformity of time in the Middle East it is *not* proposed to adopt "Summer Time" in Palestine this year. The official time will therefore continue to be Middle East standard time, i.e. two hours ahead of Greenwich Mean Time.

H. L. G. GURNEY

Chief Secretary.

I have the honour to invite your attention to the Extension of Time Ordinance, 1946, which appeared on Pages 184-185 to Supplement No. 1 to Gazette No. 1492 of the 14th May, 1946,

2. Under this Ordinance the High Commissioner has power to extend the time legally necessary for the doing of any act where the act could not have been done in time owing to the strike of the 2nd Division Civil Service.

3. So far as I am aware the Administration in this District has no reason to avail itself of these powers but should any case come to your notice where you wish me to apply to the High Commissioner for such an extension of time I should be grateful if you would inform me at an early date.

Subject:- Use of Spinney's Canteen by this
Office Staff from 11 - to 11.20 a.m
on Week days.

As you are aware the new Office hours provide
for a break of 20 minutes at 11.00 a.m. every working day.

Para 4 of C.S.'s Circular on the subject reads
as follows:

"Hheads of departments which do not already
possess a canteen should consider the possibility of
providing suitable facilities to enable their staff to
purchase light refreshments at reasonable prices during
the break of 20 minutes envisaged in paragraph 3 above."

It has been suggested that permission be
sought for our Staff to purchase light refreshments from
Spinney's Canteen in your premises.

Is this possible ?.

CHIEF SECRETARY'S OFFICE,
JERUSALEM.

22 October 1945.

GENERAL CIRCULAR No. 54

Office Hours.

I have had under review the question of the office hours to be adopted throughout the Service on the reversion to standard time (Greenwich mean time plus two hours) which will be re-introduced in Palestine on the 1st November, 1945.

2. It has been represented that to continue the system of afternoon work throughout the winter months would impose hardship on many officers on account of the existing shortage of public transport and of other difficulties such as the scarcity and high cost of foot-wear, raincoats and the like. These representations have been fully and sympathetically considered and in the event it has been decided that, as a temporary and experimental measure, afternoon hours will be discontinued from the 1st November, 1945 inclusive until further notice.

3. With effect from that date Secretariat office hours will be from 7.30 a.m. to 2.10 p.m. daily for six days a week with a break of 20 minutes at about mid-day: for reasons of uniformity and for the convenience both of Government and the public it is essential that these hours should be adopted by all departments unless my special permission to vary them is obtained: this permission will not be given unless very exceptional circumstances can be shown.

In cases where a head of department requires the attendance of members of his staff in the afternoons, attendance can be arranged by a special duty roster.

X 4. Heads of departments which do not already possess a canteen should consider the possibility of providing suitable facilities to enable their staff to purchase light refreshments at reasonable prices during the break of 20 minutes envisaged in paragraph 3 above.

5. Please impress upon your officers that this experimental abolition of afternoon work, which from the official point of view is far from being satisfactory, has been approved entirely in their own interests and for their own convenience: it is conditional on the conscientious punctual observance of the revised hours which are now prescribed. Should it appear that the new hours are not being punctually observed or that efficiency is seriously prejudiced by this adoption, there will be no hesitation in reverting to the previous system.

School had commenced canning on a small scale 15 years ago.

Now they were able to produce canned tomato-juice and cucumbers on a commercial scale. For example, last year they sold locally 25,000 small tins and several thousand large tins of tomato-juice. The Thunvahn reported that they have assisted a private firm with the result that they had sold about £1,200 worth of locally canned vegetables a year ago. Most of the produce was sent to

Egypt.

It was sold but owing to the high import duties and the falling market there was little profit. They consider that they cannot compete successfully with the imported product although the local juice was superior to the imported Italian juice. Mr. Arnaise was of the opinion that Palestine canned tomato-juice cannot be exported profitably owing to the low prices prevailing there. He thought that high customs dues

effect a local industry for local sales.

Summer Office Hours.

Referring to your letter No. TUL.307/26 of the 24th of June, 1943, I consider the present office hours operating in this District as satisfactory and do not see any special need for changing them.

2. Should it be found necessary, however, to change the office hours I am in favour of adopting of the hours suggested in para 2(a) of the Chief Secretary's circular No. 77 of the 10th of June, 1943.

3. The latter proposal would be of special benefit to a three members of my staff residing in the adjacent quarters who under the present arrangements barely have time to go home for lunch and return on time for afternoon duty.

CHIEF SECRETARY'S OFFICE
JERUSALEM

Z/14/41/Vol. II

10th June, 1943

CIRCULAR No. 77

307
23 JUNE 1943

My attention has been drawn to the lack of uniformity in the summer office hours of departments. While the new 43 hour-week is being observed, some departments have arranged for afternoon work on 2, 3, or 4 days a week while others have adopted one long continuous morning stretch

2. The matter was recently reviewed by the Director of Medical Services who has expressed the following opinion:-

- (a) on medical grounds, the Director of Medical Services does not consider a long stretch from 7 to 2.10 or 7.20 to 2.30 i.e. of seven days to be desirable. Doubtless, where such hours are observed, a rest and refreshment during the morning is the rule; and if so, the health of the staff would not suffer and output of work should be normal. (This of course, involves, in practice, a reduction of the 43 hour-week principal).
- (b) The Director of Medical Services advocates a long morning on alternate days - say 7.20 to 2 and a short morning and afternoon work on the other days - say 7.20 to 1 and 2.30 to 4.30.

3. This would have several advantages:

- i. it breaks the tedium of a daily and abnormally long stretch;
- ii. it reduces travelling time on three days a week;
- iii. and it affords three afternoons for outside inspectional duties or for exercise, which is necessary for the maintenance of health.

4. It is, of course, realised that in certain sections or branches e.g. in a laboratory, or to complete a specific programme, or for the convenience of the public, long continuous hours are unavoidable and are a definite advantage.

5. I am to request Heads of Departments to review their arrangements for office hours during the summer in the light of the considerations set out above, and let me know whether they consider it practicable to adopt an arrangement on these lines.

18 June, 1943.

Subject:- Summer Office Hours.Ref'nce:- Your Circular No. 77 (2/14/41/Vol. II.) of 10.6.43.

I agree that 7½ hours at a stretch for six successive days is too long.

2. The Samaria District Office hours are as follows:-

| | | | |
|------------|-----------|----|-----------|
| Daily | 7.30 a.m. | to | 1.45 p.m. |
| Mondays & | | | |
| Wednesdays | 3.30 p.m. | to | 6.15 p.m. |

3. This makes a 6½ hours stretch, which I think is reasonable, and a 1½ hours break before the two afternoons' work.

4. I do not wish to increase the number of afternoons on which work is done because the return to the office in the afternoon involves a very long walk for most of the clerks in the Nablus office and this is very tiring in the heat of the day. The office is one end of the town and most of them live the other and the bus service is erratic. Subject to your concurrence, therefore, I do not propose to ~~4p~~ alter the office hours.

CIRCULAR No. 468.

DEPARTMENT OF HEALTH.
GOVERNMENT OF PALESTINE.
JERUSALEM.

22nd December, 1926.

Subject:- Dental Treatment - British Police.

The following regulations governing the Dental Treatment of Non-Commissioned Officers and Constables of the British Section of the Palestine Police have been approved by the Chief Secretary, and are issued as addenda to my Circular No. 427 of 24-6-26.

1. The treatment necessary to maintain the dental efficiency of British policemen will be allowed at public expense.

The treatment will be of a conservative nature and will be mainly directed towards the prevention of the necessity for artificial dentures.

2. Dentures will be supplied only under the following conditions:-

- (I) A fully trained policeman who incurs such loss of teeth as to use his discharge as an invalid, may be given an initial supply of artificial dentures at public expense if, in the opinion of the Medical Board, he will thereby be rendered efficient. Except as indicated below, any renewals or repairs which may subsequently become necessary will be provided at the policeman's own expense.
- (II) A policeman who, as the result of (i) injury received whilst on duty, otherwise than through his own fault, or (ii) disease directly attributable to Government service, incurs loss of teeth, may be provided while he remains in the service of the Palestine Government at the public expense with artificial teeth and such subsequent renewals or repairs thereto as may be necessary.
- (III) Where the loss of a denture, originally supplied to a policeman at public expense, can be shown to be due to culpable neglect on his part, he will be required to meet the cost of the new denture by deductions from his pay.

Assistant District Commissioner,

Z/14/41

CHIEF SECRETARY'S OFFICE,
JERUSALEM.

14 OCT 1942

7th October, 1942.

CIRCULAR No. 118.

I am directed to refer to the demi official correspondence in reply to my circular No. 88 of the 21st August, 1942, on the subject of office hours. Since then, two new factors have been brought under review :

- (1) the likelihood that Palestine will be required to conform to standard Middle East time from 1st November to 31st March, i.e. two hours ahead of G.M.T. instead of three hours as at present;
- (2) the effect of restriction of motor transport on urban travel.

2. The replies to my circular have furnished useful and comprehensive data and, as was expected, the general opinion is that some increase in working hours is wholly appropriate at this stage of the war.

3. After taking all factors into account, it has been decided that the standard working week shall be increased from 40 to 43 hours, with effect from 1st November next; and after considering the views of the Motor Transport Advisory Board, the High Commissioner is satisfied that staggering of office hours affords the best arrangement for ensuring the extra effort required for war work, while making due allowance for meals and travelling of staff.

4. Subject, therefore, to the introduction of a 43 hours week, Heads of Departments are requested to formulate their own schemes for staggering work, and it is hoped that during the winter months as many departments as possible will be open from 7.45 a.m. to 4.30 p.m. without break, luncheon intervals being suitably staggered. Later general closing is not now suggested, because of the need to economise in black-out material, but it will be appreciated that the fixation of the closing hour at 4.30 p.m. is not mandatory. In drawing up their rosters Heads of Departments will no doubt take into consideration the needs of various war organisations (P.V.F., civil defence etc.,) in which members of their staff are serving as volunteers.

5. Heads of Departments are requested to notify me as soon as possible of the new hours to be introduced on 1st November next.
